care of. Saints, if we have a heart of obedience unto the Lord, to follow after Him, everything will be well with us. The most important spiritually, is our obedience to God. If we have a heart that is full then we can say that we have a healthy digestive system. First is spiritual!

**Knowledge without obedience is akin to undigested food.** Let me counsel wholeheartedly. If you do not have a heart to obey the Word ministered to you then undigested food lies inactively in your system. If you fail to obey the Word you have been convicted of when you hear thereupon then you are like one who has failed to digest his food. A heap of undigested food in your system. When that happens, you are sure to get sick. Undigested food can result in grievous danger to your life. It can be the cause for loss of energy, ill health and finally death. If, instead of bringing life, the food we consume brings death in our system.

We are considering the effect of God's Word in our lives. We receive life but if His Word is not obeyed it will become undigested food in our system. Many do not realize this. Today many believers are spiritually sick. They have hardly any stamina and spiritual endurance. They are sickly in a spiritual sense because they have failed to obey the Lord.

Many believers go to well known preachers for deliverance, they hear the messages, but they remain spiritually sick. **They spend time in prayer, but all things cannot be dealt with merely by prayer. True life comes by obedience.** Knowledge combined with obedience will bring life. Understanding plus obedience ministers life. It is so necessary to maintain an inwardly healthy spiritual system. You are responsible for it. No one can do it for you. Often when we want to grow and move on spiritually we do so because we lack spiritual stamina. Do you realize that the spiritual life is that of having an unhealthy spiritual system? When we overcome the enemy, the flesh and the world, it is because we

God's people often lack spiritual stamina and spiritual strength. us. A life of obedience to what God has revealed to us is crucial digestive system unto the Lord we will not have to worry about kept by His power. He will protect us. A life of obedience is the spiritual lives.

A life of obedience, a heart to submit, a heart that is open for re that is open for correction, a heart that is ready to yield to the L digestive system. We are all called to obey God. Instead of th deliverance you can be certain that your true spiritual need will deliver us from the spiritual sickness that stems from our disobe Him, our lives will be adversely affected.

What are you caught up with?

What are you doing?

These are very important questions concerning your spiritual lif be open to the Spirit of God and be responsible. It is not a matt knowledge of things and doing some activities in His name. It is your spiritual health, your maturity, your walk with the Lord so made complete. Every bit of undigested food in your spiritual s and cause inward decay. **Do you know that the Word you have work negatively and have negative results?** Yes, it will make yo spiritually. Saints, let us therefore turn to the Lord and ask the
