OUR FELLOWSHIP...

Our responsibilities are two-fold:

Firstly, **it is my responsibility to ensure that I have fellowship**; I need the fellowship of God's people. The more I can be with God's life be safeguarded; the more will sin be out of reach.

Secondly, **it is my responsibility to give value fellowship to other fellowship, which I have received, to my brothers and sisters in the** can attack me, so also is he able to attack them. As much as the ene also is he bent upon quenching the life of my brothers.

***IF WE WALK IN
THE LIGHT AS HE
IS IN THE LIGHT
THEN WE HAVE
FELLOWSHIP
WITH ONE
ANOTHER AND
HIS BLOOD
CLEANSES US
FROM ALL SIN."***

Fellowship is not just coming together on Sunday and returning something that has to be maintained through the week. Thus the saints often do not succeed because of fellowship of the saints and the presence of the Holy Spirit. God's Holy Spirit is there to help us honor God's counsel in our lives. God's Holy Spirit is the custodian of God's government. He will help and certainly believe that this word will release us to a greater appreciation maintained through proper fellowship. When the enemy attacks us, we are the primary target.

When one member suffers there is a suffering in the Body. Well explained in many ways. But let me bring in the burden of the Holy Spirit's wholeness in the Body. **And therefore, the desire of the Lord is outside the fellowship of the saints and suffer.**

The Lord desires that every member of the Body be related to the Lord with the Lord and with one another. Remember one thing that if there is a stroke of the devil to injure the flow of life. It is for us to avoid injuries. How often we go through trials in our lives that could cause us to have! We may come into a situation and circumstance when we are separated from the brethren. Paul says, and the deepest longing in our heart ought to be to have the brethren. When I say this it does not mean that we leave the fellowship all interrelated and form one whole realm of fellowship.

We need to long for the fellowship of the brethren and their deliverance. This has happened so many times in my life, even in the presence of God's people has brought me to a place of deliverance, release that we are geographically in different places where physical fellowship is found. We find that life rises up as we value fellowship and enter into it specifically when we think that life is coming to an end or that it is difficult to rise up in such a way that life is provided to us by His grace and we are filled with life again.

We are to look for that valued fellowship from one another, whether we are in one place or separated from one another, and we are to be willing to help others. Amen!
