ANOTHER WAY OF LIVING

"You're blessed when you get your inside world—your mind a you can see God..." Matt 5:8 (Message Bible)

Growth in grace is measured largely by the insight one has as to spiritual maturity depends much upon the vision we hold of the to see that which God has carved out for us, though it be invisible consider ourselves to be amongst those who are moving forward clouded by many worldly necessities then the vision is apt to be heart who are able to see God in all His glory (Mathew 5:8)

The average believer is not very different from his unbelieving r his or her future. He is often more concerned about what will h labor well into his old age so that his children may inherit 'a littl day. He will even be prepared to rob God in and through his titl may be able to deposit more in his banks for his future security unknown. I have noticed this amongst believers that the majori while giving offerings; they stoop down to giving what is easy ar they keep an eye upon their future. They will work hard not tha

One common fear that most of us have is the fear of the unknow

We have a special admiration for those who have opened up a path and the trail blazers – men like Martin Luther, John Wesley, Huc William Carey and lately Elliot. **We appreciate their boldness, their odds, their patience and steadfastness. Yet, we seldom move initiative and boldness in our lives.** In the spiritual life, we know in which we are yet to go progress and many situations and attitudes conquer in our lives yet, we lack the initiative and boldness to do. Israelites, we fail to trust the Lord and move forward by faith to do. Some of us are afraid of the dark, the hidden, the new and the unknown. We are fearful of the future and that which is unrevealed. We look up unto Him who is invisible and march forward by faith to do. God is calling His people to take a step of faith into the unknown, calling us to put our trust in Him, knowing that He is a true Shepherd. His vision really helps us to ward off the whisperings of the evil one. His vision gives us a keen insight and awareness, even an intuition as to where God is taking His people.

Have you received a God-given vision in your life?
